5 Due Diligence Processes

5.1 Information on the Supply Chain

Hitachi Solutions Europe Limited purchases principally services from dedicated labour agencies to support peak delivery demand in Europe. Product purchases are in comparison very low in volume from both a financial value & frequency basis. Hitachi Solutions Europe Limited has had 335 active suppliers in the financial year April 2024 to March 2025.

5.2 Parts of the business and supply chains where there is a risk of slavery & human trafficking taking place

Hitachi Solutions Europe Ltd operates an active Anti-Modern Slavery Annual Survey process to ensure that the supply chain remains alive to the detection & reporting of any known or suspected concerns, to the appropriate standard & authorities.

Hitachi Solutions Europe Ltd has risk assessed this scenario.

Hitachi Solutions Europe Ltd is of the opinion that if we were to experience a known or suspected case it would be most likely directly related to our staff associate / third party resourcing, as opposed to permanent staff resourcing.

Hitachi Solutions Europe Ltd evidence reviewing this risk assessment on an annual basis as well as on demand.

For the avoidance of doubt, Hitachi Solutions Europe Ltd is alive to the potential occurrence of Modern Slavery and Human Trafficking in our permanent staff cohort.

5.3 Steps we undertake to assess & manage the risk

To address this perceived risk appropriately, Hitachi Solutions Europe Ltd evidence on a scheduled monthly basis, reports from functions indicating if they have encountered any reports of known or suspected cases.

For the avoidance of doubt, Hitachi Solutions Europe Ltd is alive to Modern Slavery & Human Trafficking risks associated with all our labour sources & services delivered by third parties.

Should there be any concern whatsoever, irrespective of source, these reports would be investigated, & if on initial review substantiated, it would be reported to the appropriate authorities.

Hitachi Solutions Europe Ltd is ISO 9001 certified evidencing that we have documented processes & the controls detailed in those processes are evidenced as being effective. All our processes are reviewed on an annual & on demand basis to ensure they reflect current state & audited by ISO accreditation organisations as well as a dedicated Group Internal Audit Function.

5.4 Effectiveness in ensuring slavery and human trafficking is not taking place in our business or supply chains measured by KPI's

At the time of writing, no known or suspected cases have been reported.

Hitachi Solutions Europe Ltd remains alert to the possibility however, as measured by the KPI's Hitachi Solutions Europe Ltd considers appropriate, as below:

- Number of reports: 0 (Nil)
- Suspected cases: 0 (Nil)
- Known cases: 0 (nil)

5.5 Training and capacity building

Hitachi Solutions Europe Ltd contributes positively to & follows the guidance of, the Hitachi Global Compliance Programme (HGCP) administered under the governance of Hitachi Group.

The Hitachi Global Compliance Programme (HGCP) has a particular focus on Modern Slavery & Human Trafficking awareness.

All our staff complete HGCP mandated Computer Based Training (CBT) modules.

Completion metrics are tracked & reconciled to evidence appropriate compliance & due diligence. Our training records are available to a dedicated Group Internal Audit function on demand.

In addition, Hitachi Solutions Europe Ltd has performed appropriate functional awareness of Modern Slavery & Human Trafficking scenarios to the appropriate functions & to the business as whole.
